Jeff, Allison, Phil, Peter and Jenny:

Attached is the agenda for tomorrow's discussion on the State of Oregon's riparian rule revisions and development of our testimony for the next Board of Forestry meeting. The conference line number is included on the agenda. Also attached are ODF's riparian rule analysis, which was presented at the April BOF meeting, and EPA's draft testimony developed prior to the last BOF meeting. These will be handy for our discussion.

Because Allison will be joining us mid-way through the call, we arranged for the background discussion on CZARA to be near the end of the agenda.

It looks like Peter will be joining Phil at Phil's office.

I am looking forward to our discussion. If you have any questions, feel free to give me a call.

Alan
